

Pee Wees @ the Point

These images show two ceremonies set up by our wedding coordinator on the top lawn.

It is on a separate level from the predinner drink & reception area. It has a beautiful path for the entrance of the bride and a stunning ocean backdrop.

Here we have utilised the existing venue chairs and added a touch of softness with a small bouquet on each aisle chair.

A white americano chair is also a gorgeous contrast to the manicured luscious green lawn. Talk to our wedding coordinator for more ceremony set up tips.
